THE NEXT MORNING

THIS ISN'T
WHAT I EXPECTED.
IT'S JUST LIKE
HOME.

WITH MORE
SECURITY.

WELCOME TO
PORT NOSS. HOME TO
SNOWNOMISH'S UNWANTED
AND UNCOOPERATIVE.

UNDERFUNDED.

OVERBURDENED.

AND OVER-
POLICED.

SCANNING

SOUNDS LIKE
OUR KIND OF
PLACE.

IF OUR TRANSPORT
WAS DIRECTED HERE,
STARR'S WAS PROBABLY
DIRECTED HERE
AS WELL.

SO WHERE
DO WE START
LOOKING?

```
port_authority_database_init +groups_alloc +  
port_authority_database_usage = ATOMIC_INIT(0)  
port_authority_database = info/block + nblocks]
```

```
port_authority_database_ndatabase IF (info/block + nblocks)  
port_authority_database = return_info->usage  
port_authority_database = return_database goto out_undo  
port_authority_database=>nblocks
```

```
port_authority_database return_info->usage  
port_authority_database delt+groups_alloc +  
port_authority_database = return_database goto out_undo
```

```
port_authority_database = info/block + nblocks  
ACCESS GRANTED
```

```
port_authority_database_usage = ATOMIC_INIT(0)  
port_authority_database return_info->usage  
port_authority_database info/block + nblocks + 1  
port_authority_database = return_usage
```

```
port_authority_database = info/block + nblocks  
port_authority_database_usage = ATOMIC_INIT(0)  
port_authority_database = info/block + nblocks + 1
```

PORT NOSS
AUTHORITY KEEPS
DETAILED LOGS OF
EVERYONE IN
THE CITY.

ALL WE HAVE TO
DO IS GET ACCESS
TO THEIR DATABASE
AND FIND STARR'S
ALIAS.

NO PROBLEM.

THE WASTES

INVESTIGATE?
IN SNOOMISH?

I AM AN
INVESTIGATOR.
NOT A PROPHET.

IF YOU WANT
ANSWERS, YOU'RE
GOING TO HAVE TO LET
ME INVESTIGATE.

THIS IS A
TRAP. I CAN'T
BELIEVE YOU
TWO ARE GOING
FOR THIS.

YOU'RE BOTH
GOING WITH HIM
TO MAKE SURE
IT ISN'T.

THIS SUCKS!

I CAN'T
BELIEVE YOU

CONVINCED THEM TO
LET YOU HELP.

IT'S HARD
TO ARGUE
AGAINST THE
FACTS.

I'VE SEEN
TOLAN TRY.

WE'RE
ALL LOOKING
FOR THE SAME
THING.

WELCOME TO
THE TECH PRIESTS,
INSPECTOR
